

PEOPLE LEADERS

People Leaders combines increasing HR knowledge and skills with on the job learning. Far too often people leaders and managers are expected to know how to lead without the support and development to do it really well.

To solve this, we created *People Leaders* – a series of workshops that cover the essential areas of HR and people leadership. Workshops are designed to give participants the opportunity to put their learning into practice and build confidence in a supported environment.

Programme structure

- **Seven workshops** held every **2 weeks** over a 3–4 month period.
- Each workshop is **4 hours** long and limited to **12 participants**. We keep numbers small to ensure participants get the support they need.
- A comprehensive **workbook** that support participants to put their learning into practice.
- **Individual check-ins** (up to 30 minutes) with your RYHR facilitator between workshops.
- Building your **network**, with managers from similar sized organisations, all who are dealing with the challenges that people leadership brings.
